Equipment

- scissors
- pins
- sewing needle

Materials

- [airplane pattern pieces](#) (click to print)
- felt scraps
- embroidery floss or craft thread
- polyester fiberfill (pillow stuffing)

Instructions

1. Cut out pattern pieces. Pin pieces to felt and cut out felt. Cut out 2 airplane shapes, 1 window, and 4 wing shapes

2. Cut out any details you'd like to add to your plane (stripes, windows, shapes).
3. Pin the details to the front of the plane. Pin the plane window to the front of the plane.
4. Stitch details and window onto plane using a needle and thread.
5. There are 4 airplane wing pieces. Put two wings together and stitch around the sides, leaving the bottom open. Repeat for the other 2 pieces.

6. Add a small amount of stuffing inside the airplane wings.

7. Pin the front and back plane pieces together, sandwiching the wings in the center (as shown).

8. Stitch around the edge of the airplane, leaving an opening to add stuffing.

9. Add a handful of stuffing.

10. Stitch the opening closed. Tie a knot and cut the thread.
